Professional Summary

Results-driven engineering professional with extensive experience in process engineering, quality assurance, and ICT. Proven track record of leveraging technical expertise to optimize processes, enhance product quality, and drive digital transformation initiatives. Skilled in programming, data analysis, and project management, with a strong commitment to continuous learning and improvement. Certified in Lean Six Sigma and web technologies, I am eager to contribute innovative solutions and collaborate with cross-functional teams.

PROFESSIONAL EXPERIENCE

ICT Technical Officer/Sales Officer

August 2023 - January 2025

CK Galvanizing Corporation | Block 5 Lot 6A Main Drive, FCIE Compound Bo. Langkaan, Dasmariñas Cavite

- **Data Security and Backup** - Conduct regular data backups using external hard drives to ensure all documents are securely saved.
- **Network Installation and Configuration** - Install and configure wireless networking equipment and Wi-Fi extenders to ensure full coverage in production areas.
- **Connectivity and System Troubleshooting** - Assess and troubleshoot connectivity issues, hardware, and software components. Diagnose and resolve system errors or equipment malfunctions within the office.
- **Network Monitoring and Maintenance** - Monitor and maintain LAN and Wi-Fi networks to ensure seamless operation.
- **Equipment Setup and Optimization** - Facilitate the setup of equipment for new users and incoming employees, and diagnose and resolve system errors or equipment malfunctions in the office environment.
- **ICT Department Process Development** - Develop and implement efficient work processes for the ICT Department.
- **Technical Drawing and Specification** - Create detailed 3D and 2D drawings to illustrate product specifications for customer and logistics requirements.
- **Tracking and Documentation Systems** - Develop a Google Sheets tracking system for monitoring all incoming and outgoing items, including gate passes and truck scale earnings.
- **Documentation Oversight** - Oversee documentation processes, including the preparation and management of Delivery Receipts and Goods Receipts.
- **Quality Verification** - Issue Zinc Certificates to verify the zinc thickness measurements of items.
- **Client and Manager Communication** - Communicate with clients to provide updates on product progress and collaborate with managers to suggest process improvements.
- **ISO Standards Implementation** - Work with the Document Control Center to implement ISO standards.
- **Colleague Support** - Assist colleagues with form creation and documentation needs.

Process Engineer/ Technician

January 2023 - July 2023

Hiblow Philippines Inc. | First Cavite Industrial Estate Block 4 Lot 2, SEPZ, Brgy. Langkaan, Dasmariñas, Cavite

- **Process Improvement and Data-Driven Decision-Making** - Engaged in enhancing processes and making informed decisions by handling engineering change applications and conducting various trials.
- **Project Management** - Managed projects involving PLC programming and mechanical design to optimize operational efficiency.
- **Equipment Installation and Optimization** - Led the installation of new equipment to enhance production capabilities and successfully repaired a previously non-operational machine. Organized meetings with line leaders to instruct them on its usage and safety procedures.
- **Technical Issue Resolution** - Proactively conducted investigations to address technical issues, ensuring smooth production and maintaining high product quality.
- **Product Evaluation and Supplier Communication** - Evaluated products to ensure they meet quality standards and maintained open communication with suppliers to effectively address technical concerns.

Quality Assurance and Quality Control Engineer

June 2022 - November 2022

Ogami Corporation Philippines | Block 5 Lot 6A Main Drive, FCIE Compound Bo. Langkaan, Dasmariñas Cavite

- **Product Evaluation:** Conducted thorough evaluations of products, ensuring high-quality standards.
- **Report Generation:** Making corrective action reports and 8D reports, addressing and resolving quality issues.
- **Process Development:** Designed check sheets, CPK/PPK, and processes for product testing, enhancing quality control measures.
- **Supplier Communication:** Worked closely with suppliers to ensure product quality and specifications, maintaining high standards.

Store Keeper

July 2021 - May 2022

San Miguel Integrated Logistics Services Inc. | Governor's Drive, BO. De Fuego, Brgy. San Francisco, General Trias City., Philippines

- **Inventory Management:** Effectively managed inventory by using SAP to maintain accurate stock levels and ensure timely restocking.
- **Order Fulfillment:** Managed picking, withdrawals, and receiving processes, ensuring smooth and accurate order fulfillment.
- **Stockroom Organization:** Maintained an orderly stockroom, facilitating quick and efficient access to inventory.
- **Forklift Operation:** Operated forklifts and handheld scanners, ensuring safe and efficient stock handling.

Stock Associate

July 2020 - March 2021

Mitsukoshi Motors Philippines Inc. | Brgy. Bancal Maguyam Road. Carmona Cavite

- **Parts Preparation:** Prepared and issued motor parts, ensuring accurate and timely availability for production.
- **Stock Inspection:** Inspected and counted stock for damage, spoilage, or missing items, maintaining high-quality standards.

CAD Engineer (Internship)

June 2018 - August 2018

Almazora Motors Corporation | PTC Carmona Cavite

- **Model Development:** Designed and developed high-quality models using 3D and 2D CAD tools, meeting design requirements and targets.

Purchasing MSR

September 2014 - April 2015

Karumona Nagano Seiko, Inc | Hong Chang Compound Brgy. Lantic, Carmona, Cavite

- **Supplier Evaluation:** Evaluated suppliers based on price, quality, and availability, ensuring the best deals for the company.
- **Contract Negotiation:** Negotiated contracts with suppliers, securing favorable terms.
- **Delivery Coordination:** Scheduled deliveries and resolved shipping errors, ensuring timely and accurate receipt of goods.

Factory Worker

May 2012 – October 2012

Procycle Industrial Inc. | People's Technology Complex, Special Economic Zone, Carmona Cavite

- **Assembly and Packaging:** Assembled and packaged bikes, ensuring quality and efficiency.
